

In the process of electronic filing the committee's FEC form 9 on 09/27/2006, the submit to FEC button was only clicked once and yet I received notice via email that the report was received and accepted three times. FEC-239862, FEC-239863 and FEC-239864. The last two reports were not intended to be reported as originals or amendments. Please advise on what action I should take if any. Thank You.
